Great Reference!

By Mary

As a new Japanese student, I found this book to be extremely helpful. Not only are the hiragana and katakana alphabets included and explained, but there is also a lot of cultural information that I found very interesting. This book is very easy to understand and is even good for some basic teach-yourself Japanese, which is what I'm doing. In the first half of the book, all the words are spelled out in Romanji, so it makes it so much easier for beginners to learn how to read and pronounce Japanese words. You will not be dissapointed!

It's good and I'm glad I got it

It's good and I'm glad I got it, but you need a CD in order to do the lessons and it has no answer key to do the workbook on your own.

Ordered this for my daughter, as she's studying Japanese in school. A perfect course-refresher for the

summer break. Arrived quickly.
