ANATOMY AND PATHOLOGY: THE WORLD'S BEST ANATOMICAL CHARTS (THE WORLD'S BEST ANATOMICAL CHART SERIES) BY ANATOMICAL CHART COMPANY PDF

The Fourth Edition of Anatomy and Pathology: The World's Best Anatomical Charts features 50 new and updated anatomical charts created by the world's best medical illustrators. This comprehensive reference is an essential addition for every library, whether you are a health professional, student, or interested consumer.

Since the last edition we've added 13 more charts, organized them alphabetically, and added a covered spiral binding that allows the book to lay flat on a desk. We've even changed the name slightly to further clarify the contents of our most popular chart book.

Anatomical charts show the human body in a format that provides a clear and visual understanding of human anatomy, physiology, and diseases. Medical terminology and easy-to-understand supporting text are printed directly on each chart so you never have to refer to a separate key card or manual.

Printed in vivid, lifelike colors on high-quality paper, and spiral bound in a convenient sized format, this book is ideal for studying human anatomy, patient consultation, or quick reference.

Great book and Great pictures

By That Girl Aly

A fantastic resource for anyone studying Anatomy and Pathology! I bought this book when I was taking Anatomy and Physiology 1 and it saved me so many times while studying. I am a very visual learning and I need something in hand to study with. I wasn't going to buy skulls or models (those are expensive) and I didn't always have access to lab models so this was the next best thing! I took it everywhere and got an A in

both semesters of Anatomy! The pictures are great. Some of the terms are off but your teacher should be letting you know what terms to study anyways and that is just how it is in medical. Some parts have multiple terms! It's definitely worth the cost. You should get it! You won't regret it!

Very helpful guide

By Jace91

This book includes all the posters that you see in many of your classes and is very helpful when studying, combined with the great price you can pick these books up used for definitely a good tool for any classes involving the body.
