Comprehensive & effective!

By kawiguy340

The sections all had great practice questions as well as helpful test tips, the answers were well explained in case you missed on, and the practice essays were extremely detailed providing samples of good, mediocre, and bad essays. No problems on test day, I did great.

Good for any level

By David Samson

I am taking the CBEST soon and although I'm fairly confident I'd do well anyway, I like to be sure and like to prepare. I'm glad I did, this book was very helpful. Although I can recall all the concepts, it's been a while since I've used them so it was worthwhile to brush up and get a little practice. I'd recommend this book regardless of where you think you currently stand on the spectrum of preparedness.
