A very useful tool!

By S. Brown

I'm taking an Hispanic Literature course and it was suggested by my teacher that we should purchase this book.

It was a very good suggestion because although I'm barely in my sixth week of class, this book has been very handy and helpful with analyzing the stories we have had to read. It also it a very good source when writing essays.

The book basically sums up 100s of symbols used in literature from the moon to the color black. This really is an amazing book! And even if you don't need it for literature, this would be helpful with movies also.

5 of 6 people found the following review helpful.

diccionario de símbolos de J:E CIRLOT

By rita

Es un libro apasionante que permite consultas frecuentes;lo utilizo mucho en la enseñanza secundaria.Los adolescentes se sorprenden con la profundidad de la simbología
