I LOVE this cookbook. If you are looking to save money, then you need this cookbook. I have made gift baskets with all the odds and ends for a wedding and put this cookbook in it. It was a big hit. It has so many easy and delicious recipes in it. I have alot of cookbooks but I always grab this one first. To me everyone needs this book especially young women who are just starting out. It has alot of tips in it. It also has recipes for beauty supplies, cleaning supplies, things for kids such as homemade playdough which is pretty cool. If you buy it you won't be sorry.

Dining a Dime Cook Book 1000 Money Saving Recipes and Tips

By Neda Singleton

The book had excellent recipes and I was able to use a lot of ingredients that were already in my pantry, The recipes were quick and time saving. I purchased the book for my daughter in law because I already had it and had been pleased with it. The book also had a lot of money saving tips that I appreciated such as the way to use left over slivers of soap, facial scrubs, scented lotions and projects for kids. I would definitely recommend this book.
