French Home Beware

By Diane

Loved the book the first time I bought it but someone pulled a switcheroo and changed the cover so I thought I was buying a different book. It arrived and I saw that I had already bought the book a couple years ago. So be careful because this book has two different covers. Sent the second one back and as usual, Amazon was great about my return. The book itself is excellent with wonderful photographs and text. Beautiful examples of French decorating.

Great photographs - text average

By JRM

Enjoyed the excellent pictures, but found the text to be poorly written ... Pity really because it would otherwise be very good. In fact ends up as a nice coffee table book for browsing.

Did not realize book was a reprint

By Ruth Barrow

I returned the book because I have the first edition, and thought this was a new book. I reread the description but did not see it was a reprint.
