IT'S A VET'S LIFE (THE ORIGINAL BESTSELLING VET SERIES BOOK 1) BY ALEX DUNCAN PDF

'Animal in every sense of the word: it is easily the most original animal book I have read, and quite the funniest in years... The fast and furious pace never conceals a hard core of veterinary experience.' --The Countryman

'It's A Vet's Life' is the first in an 8-book series based on the hilarious life of vet Michael Morton and the animals and owners in his care. Michael's uncle Simon has taken a sabbatical from his Knightsbridge practice to go on Safari, leaving his newly qualified nephew in charge, with the promise of a partnership if he can introduce six regular new clients before his return.

This is London, 1961: The Cold War is raging; the class system is crumbling; teenagers have money in their pockets for the first time. And the animal problems that Michael encounters seem rooted in those of their owners as they adjust to the changing times. But when Michael finds romance with the strikingly attractive Julia Hanley, and debutante Claire Brown-Claremont steps in with her colour co-ordinated Siamese cats, it is anybody's guess whether, for all his humanity and humour, Uncle Simon's challenge will be met in time.

'Lots of laughs and lots of fascinating animal revelations (and a few human ones too).'
-- She Magazine

ABOUT THE AUTHOR

Alex Duncan is the pseudonym for a prolific writer, whom the New York Times described as 'one of the really great comedy writers of England'. Readers of Cathy Woodman and Marc Abraham will also warm to Alex Duncan.

Entertaining take on veterinary science

By Posh Girl

Okay, this is not the quaint country life of James Herriot's books. This is definitely the rip roaring adventures of a bachelor veterinarian, looking for a partnership in his uncle's practice and for the love of his life.

The animal stories are great, especially the snake in an auditorium that is full of people.

Hilarious in its own right. Do not expect another James Herriot from this book. Recommended for animal lovers who like a bit of humour.

Hip, 60s, British Vet

By heidi

This is a wonderful read (on tape). The narrator is a young, 60s, London veterinarian taking care of everything from racehorses to jealous female cobras. After you listen this long, it feels as if the characters are all neighbors and you miss them!

It's an interesting sort of a relic; not a James Herriott by any means, but intriguing nevertheless.

Love it and finish reading it in one breath

By olesya v moroz

Love it and finish reading it in one breath. I am familiar with James Herriot and after reading his autobiography that was written by his son Jim, stumbled on this author and was quiet happy with it. Would read it again and again.
