So, the way for you to obtain this [Scale: A Novel By Keith Buckley](#) will be so very easy, will not you?

SCALE: A NOVEL BY KEITH BUCKLEY PDF

Ray Goldman will outdrink you, out-party you and, unfortunately for him, probably outlive you. As a hopeless and struggling indie rock musician, Ray's best chance of discovering any beauty and purpose in his dysfunctional life will come only when he ceases to struggle against life itself. These are his memoirs.

Scale chronicles Ray Goldman's journey downward through the adversarial trials that sometimes prove necessary in facilitating an eventual ascent into truth and happiness. The odd chapters of the novel find Ray, now a 31-year-old guitar player, seeking fulfillment in the wake of a life-altering tragedy while the even chapters see him reflecting on the depravity and selfishness that hastened his descent towards it. Scale is about the relationship between instability and balance, death and resurrection, perception and reality, but ultimately it is about the endless war waged between our disquieted minds and our noble hearts.

Fans of pop culture, Americana, Punk Rock music, and Charles Bukowski's Ham on Rye . . . look out!

Great writing style and story telling

By Amazon Customer

I don't really understand what the negative reviews are for. I burned through this book in about three sittings. I played music for over a decade and spent some time on the road so the story was very interesting to me. I love Keith's analogies and philosophical insights; especially Ray's reunion with Evan. The writing style was excellent, especially for a first novel. I hope that Keith continues to write. I would definitely recommend this to anyone who loves ETIDs lyrics or anyone who enjoys a deeper read.

Keith Buckley's "Scale"

By KTJ

This is the story of a man trying desperately hard to live a life so fast that his thoughts and feelings can't catch up with him. A man so concerned with his sense of self that he loses himself entirely. Ray Goldman is painfully self-conscious and wields an arrogance that springs from a genuine fear of inferiority and not mattering in some grand way. Everything he does is meant to both build himself up and destroy himself, and he does both in splendid fashion.

I enjoyed the journey this book took me on and the author's distinct style of writing. He clearly admires the beat writers (specifically Kerouac) but does not seek to emulate them, which I was thankful for because I couldn't stand "On The Road". Sentences tended to run on, and the metaphors could get quite complex, to the point that I found myself re-reading whole paragraphs because I just didn't get it. I loved the author's use of opposites and contradictions to highlight how the things we feel often go against what we think we should feel.

This is not the kind of book I am usually drawn to. Stories of existential crisis and nihilistic self-defeat don't usually interest me as I feel they are mostly told from a place of smug superiority. This story comes from a place of real struggle. The author's struggle to go through the teeth-gritting pain of being honest with himself and reconciling that self with the one he has put forth to his fans and loved ones. This struggle played out in a conversation between the main character and an old friend, but I read it as an internal argument that the author was having with himself.

I felt that I gained a better understanding of Every Time I Die (the author's band) through reading this book. I was constantly reminded of the song Wanderlust, specifically these lyrics: "When they unearth these passages, will I appear to be proud? Not if you're listening close enough. Not if you're sounding it out." Chapter 23 opens with a consideration of the letter/word "I": "My entire world was in that letter, all my sadness, all my jealousy, all my guilt, and all my strength." Is this a reference to the "I" that is often used as a symbol for ETID? Perhaps.

As a fan of Every Time I Die, I couldn't resist this peek into the inner workings of Keith Buckley's mind. As a fan of great books that introduce me to people unlike any others I've met before, I was wholly satisfied with Scale.

One. Long. Arduous. Wordy. Book.

By Brian G.

Book was like a run on sentence that took turns every few pages. Singer/song writer doesn't mean author.
