Excellent Guide - Very Useful!

By D. Connor

Max Tofone's Sibelius guide is brilliant. I put it to immediate use and was quickly able to find whatever I needed for the task at hand. It is very clearly laid out and presented in an order that is intuitive and not like a typical manual. A must for any Sibelius user.

Street Smart Sibelius

By Max The Piano Player

While I'm sure this book would be of help to some students confounded by Sibelius, I needed some more info about MIDI. This didn't have much.
