**You Cannot Practice Hypnotherapy Without this Seminal Work!**

By A Customer

I am not going to write a great deal about this book. It speaks for itself and stands on its own. The Answer Within is also the answer that every practicing hypnotherapist must have. Must.

Without the in depth knowledge of the precise techniques, so carefully detailed and skillfully analyzed by the Lankton's, especially the insightful and highly practical prose of Carol Lankton, it would take a life time to develop half of the knowledge contained in this delightfully written text.

The great care and skill shown by Carol and Stephen Lankton make this text come alive and thereby allows the wealth of knowledge it contains flow easily to the reader.

Although this book is specifically targeted to skilled professionals, the concepts, useful & practical concepts, can be grasped and used by the layperson.

I also believe that there is little or no chance of harm or any difficulty arising by a non professional studying this work. In fact, if you spend the time to grasp and understand the basic framework and specialty specific

vocabulary, it is one hell of a read.

I recommend it to any person that is studying or practicing hypnotherapy - it is a MUST HAVE! To the interested layman - you can gain a keen insight into a world of treatment and knowledge of your inner self that you probably did not exist in this shape or form. Amazing!

Buy the book. Grow. Learn. Find YOUR Answer. This is the seminal tome.

Excellent

By Brian Harpring

Many patterns present in these readings. Wonderful examples of meta for and Ericksonian teaching. I enjoyed the deep read. Excellent.

Great book

By Mr. Robins

I'm very pleased with the depth and detail in this book. An excellent source of info about Dr Erickson, his work, the results and the methods of how to replicate such results in your own practice.

Very highly recommended to budding hypnosis, NLP and EFT practitioners.
