My constant companion

By Jordan M. Poss

I got this anthology as a gift a few years ago, just after its release, I believe, and it has been with me ever since. This book is one of the few items that I must have with me no matter what my location, whether at college or at home.

Norton anthologies are great. As is the case with the ones I used in college, this book includes both footnotes and glossing in the margins, both of which help immensely when the reader is inexperienced or new to a certain period of literature (Norton is particularly helpful to students new to Spenser). The huge number of poets represented here makes the book indispensable to lovers of poetry.

Five Stars

By pamela y. thomas

There are no words to express my pleasure:) Thank you:)

24 of 25 people found the following review helpful.

An Excellent Anthology

By Marty McCarthy

Given the fact that the anthology is nearly 2000 pages long, it is quite difficult to quibble over substance in this wonderful anthology. Almost every poet of any significance and their seminal work is represented in the anthology.

There are two quarrels I do have over style. Though the anthology has biographical sketches of the authors, those do not appear with the authors' work but rather at the end. The other thing I would change would be the index. The index is one combined index rather than a separate index of first lines and authors.

All in all, a great find and great buy.
