Got a Yod, Read this Book

By Dog's Boy on the Sunny Southern OR Coast

This book is a careful, through examination of both a yod aspect pattern as well as the effects of a wholly unaspected planet. I highly recommend it as such.

Other books place no great significance on yods, and do not explore them in depth. In contrast, this book does explore it in depth. First, noting that the configuration itself mixes 3 widely differing energies. Second, it explores the internal experience of those with yods (myself included). The author's description resonates with my experience, and I see it as well in a significant other.

In particular, there is a sort of vague insecurity than can't be pinpointed. So, there is a doubt about one's real capabilities and a reluctance to attempt action -- even when objectively a person is VERY capable. A similar experience afflicts those with unaspected planets.

The book discusses ways to work around the negative effects of a yod, and highlights the very positive things a yod provides to one's life as well.

If you wish to fully understand the implications of a yod, whether in a natal chart or by progression, transit or synastry, this is an excellent book to help.

5 of 5 people found the following review helpful.

A must have for an astrologer to have in their library

By Pepperfroth

If you use Quincunxes (Inconjuncts) and Yods in your practice of astrology this is an invaluable tool! It is especially interesting regarding Yods in synastry and transits, which are covered in here. I do think having an understanding of the fundamentals of astrology prior to reading this book might prove more fruitful; but the book is explanatory enough that you could probably follow most of it as a beginner as well.

Great book should be in every astrologist Library because it covers a very specific subject in great detail buy a very experien

By James Reed "Dharman"

Excellent book on the subject should be in every astrologers Library arrived early and in great condition very happy with the transaction. I have been a practicing professional astrologer for 45 years and find this book to be very important because it covers a very specific subject well.
